NO: Microsoft 365 provides service-level agreements (SLAs) that describe Microsoft's commitments for uptime and connectivity for its online services. The SLAs vary depending on the service and plan, but generally they offer a 99.9% monthly uptime guaran1t.ee
However, not every Microsoft 365 application has an individual SLA commitment. Some applications are grouped together under a single SLA, such as Office 365 apps (Word, Excel, PowerPoint, etc.), SharePoint Online, OneDrive for Business, etc.1. Other applications have their own separate SLAs, such as Dynamics 365 apps (Sales, Customer Service, Marketing, etc.), Azure Active Directory Premium P1/P2 plans1, etc.
YES: Microsoft offers a service credit if the SLA is not upheld for Microsoft Online Services such as Azure, Dynamics 365, Office 365, and Intune. The service credit is prorated based on the service affected and the duration of the outage1.
